Alexandria VA 22313-1450

**Status Enquiry**

Sir:

On 19 July 2009 I sent to the Patent & Trademark Office, under appropriate certificates of First Class Mailing and under separate cover, a response to the final office action of 18 March 2009 and a petition and fee to extend the period for response by one (1) month, to 18 July. Copies of that correspondence are enclosed.

To date my stamped post card receipts have not been returned to me. Nor have these been entered under the transaction history of the application accessible by way of private PAIR.

Accordingly, Applicant courteously requests information about the status of his application.

Respectfully submitted,

  
Karl Hormann
